Light Blue

Cover Pools Pro-Coat fabric uses an enhanced coated formula that provides long-lasting durability with UV protection, advanced tensile strength and exceptional resistance to abrasions, tears and chemical deterioration.

Enhanced Durability

Pro-Coat vinyl coated fabric pool covers are designed with outer layers coated over a base of tightly woven vinyl that is designed to be tough against abrasion and prevent distortion creating advanced tensile strength that safeguards against tearing and other premature damage.

Long-Lasting Material

Wind, sun, rain or snow, Pro-Coat vinyl fabric is made with the highest-quality materials and advanced formulation with UV, chlorine, and mildew inhibitors making it easy to clean and resistant to discoloration.
